Experience

Digital Media Specialist
Victory Productions   Oct 2015 - Present

I designed and developed educational web technologies for use in K-12 classrooms. My work has contributed to projects with clients such as ABCMouse, Scholastic, and Pearson.

Lead Designer, Tools Programmer
Mass DiGI   May 2015 - Dec 2015

I designed the game mechanics and user experience of "Hibachi Hero".
My designs have been used as behavioral therapy for children with emotional disorders.

I also produced pipeline and design tools that sped up asset development and granted our artists the ability to directly interact with code, with out having to write a single line.

Expertise

Skills

Skill	Level
UX / UI	●●●●◐
